THE LATEST GOSSIP IN SPORTING CIRCLES

(By Associated Press.)

NEW YORK, Mar. 21.—The announcement of the national trap shooting schedules for the coming season supplies another demonstration of the remarkable growth of this sport.

More than 400 tournaments ranging through national, sectional, state, city and club championships are already named and it is expected that the number will cross the 450 mark before the traps are set going in the northern portions of the country.

The records show that the tournaments registered to date exceed by almost one hundred the entire number sanctioned during 1915 and that this excess is likely to be doubled before July. There is also shown a shift in the center of trap shooting activity during the past twelve months. A year ago Pennsylvania led all the states with thirty-eight registered tournaments. Illinois was second with thirty-two and Iowa third with twenty-nine. This season Iowa has taken the lead with forty-eight; Pennsylvania is second with forty-three and Illinois is third with forty-two.

The dates and places for twenty-four state championship tournaments have been named and applications for a number of other titular shoots are on file for action.

The statement of Sir Thos. Lipton that he hopes to race his yacht Shamrock IV. for the America's cup next year recalls to mind the fact that the challenger is still carefully boxed and under guard on the Brooklyn waterfront. Not for a moment since the Shamrock IV. was hauled into drydock, covered with canvas and boxed up late in August, 1914, has the Lipton yacht been without a guard and caretaker. American yachtsmen know no more about the lines and construction of the challenger than they did when the sloop appeared off Sandy Hook a few days after the declaration of war.

There appears to be little chance that the Shamrock IV. will be uncovered during the coming season. Reports from the other side, however, are to the effect that Sir Thomas is keeping in close touch with American yachtsmen and will put his challenger overboard early in the spring of 1917 if international conditions warrant the belief that the America's cup races can be staged. In the meantime it is expected that both the Resolute and Vanitie will be seen in a few races this summer in order to keep the prospective defenders in shape for the yachting classic when times are more propitious.

MYSTERIOUS MOVE CARRANZA FORCES

DETACHMENT IS REPORTED TO HAVE PERMITTED VILLA TO PASS THEM

(By Associated Press.)

EL PASO, Texas, Mar. 21.—The Carranza troops stationed at Casas Grandes and other points in that section, at the time General Pershing began his march, are now at Juarez, opposite El Paso. It is authoritatively stated. No reason is assigned for the transfer. It is rumored in one instance during the flight from Columbus, a Carranza detachment allowed Villa to pass southward on receipt of a message from Villa that he is not warring against Mexico.

FOR ESCAPED PRISONERS

(By Associated Press.)

PARIS, Mar. 21.—The minister of war has announced that French soldiers taken prisoner by the enemy and who have subsequently escaped shall be recompensed in the largest measure possible for their courage and attachment to their country.

NEW ROAD PLANNED

The county commissioners are planning a cutoff south of Midway, which will be five miles in length and will reduce the distance a mile and will avoid the waters of Peavine creek.

TEMPERATURE REPORT

Highest temperature yesterday, 50; a year ago, 59.
Lowest temperature last night, 33; a year ago, 42.

ANOTHER DISCOVERY OF TUNGSTEN MADE

SCHHEELITE ORE IN VEIN IS OVER FOUR FEET WIDE EXPOSED

Another big discovery of tungsten was made this week which promises to send another rush of prospectors into the hills as soon as the snow gets off the high hills sufficiently to permit prospecting. The man to make the important find is Chas. W. Ward of Sodaville, and the lucky owners are Chas. E. Noble, discoverer of the original tungsten strike, Fred Hansen and Chas. W. Ward. The property is located on the same ridge as the Noble property which is being operated by the Atkins-Kroll company, and which is creating such a sensation. The claims were located sometime ago by Chas. E. Noble and Fred Hansen. They had done considerable work but failed to uncover the ore. Mr. Ward had been over the ground and believed that he could find the vein, and made a proposition to Hansen and Noble to prospect their ground and make the discovery of the ore for a third interest in their holdings. This proposition was accepted and this week Ward uncovered the vein and it shows up for a width of four feet in two places over one hundred feet distant from each other. The ore is schheelite and of the same character as the bonanza property being operated by the Atkins-Kroll company, and of which it promises to become a worthy rival. Mineral county is certainly destined to become the tungsten center of the state. —Western Nevada Miner.

ESCAPE PAYING TAXES

William W. Coleman of Carson, who is making the new map of Lyon county, says that he shall be astonished at the land now not assessed that will be added to the tax rolls. He said that in one township alone he found 2,000 acres that were not of record and on which no taxes were being paid. —Yerington News.

STRIKES AN INSPIRATION

E. H. Meade, a prominent mine operator of southern Nevada, was an arrival in Reno last night from Tonopah.

Mr. Meade says the recent strikes in the Rescue-Eula and Cash Boy have started renewed activities in mining operations in "the greatest silver camp on earth," as he calls it, and already arrangements are being made to begin operations on several properties that have been idle for years. Work on many properties in the camp is to be vigorously prosecuted this spring and summer. —Journal.

PURSUING VILLA IN WASHINGTON POWWOWS

BANDIT PRESSES ON WHILE DIPLOMATIC TONGUES ARE WAGGING

(By Associated Press.)

WASHINGTON, Mar. 21.—Arredondo, the Carranza ambassador, and acting Secretary of State Polk discussed the terms of the proposed new agreement of a joint pursuit of Villa by Americans and Mexicans to replace the present agreement by which Carranza permits the punitive expedition.

CHURCH CENSUS TAKEN

(By Associated Press.)

GLASGOW, Scotland, Mar. 21.—An unofficial church census of Scotland shows the total adult membership of the protestant churches at 1,398,000, to which are added "children and adherents" bringing the total to 2,427,000. The Roman Catholic church has 546,000 followers, making the total church population 2,973,000. This deducted from the total population gives a "churchless" population of 1,788,000.

ADVERTISED LETTERS

List of advertised letters remaining at the Tonopah postoffice for the week ending March 18th, 1916. When calling for these letters please state that they are advertised. A fee of one cent will be charged for the following:

Ed. Bradley, Fucco Bruno, Peter Breen, Zuzzo Bruno, Joseph Conney, W. D. Chandler, Ada Cope (2), Ada Coleman, Miss Sylvia Davis, Geo. B. Dennis, Humboldt Gates, Wm. Gregory, Will Goldis, Gust Hottigsen, Martin Hachquet, R. Iverson, Wm. Lovelace, Harry D. Larey, C. M. Lee, L. H. Murray, Mrs. Wm. Merten, Chas. Morris, Orden Mausser, Mrs. E. B. McGuire, B. M. McMahon, E. L. McClure, Mrs. Annie McKann, D. M. O'Brien, Nick Oblizale, Thos. Prendgrast, Y. Sakuma, Joe Shipley, M. Singer, J. J. McQUILLAN, P. M.

LOCAL COMPANY FORMED

The Nevada Chemical company of Tonopah has filed incorporation papers with the secretary of state at Carson City. The purpose of the company is to mine and prospect for potash. The capital stock is \$1,000,000. It is divided into one million shares at a dollar each. The incorporators, all of whom are also directors and residents of Tonopah, are Hugh H. Brown, W. J. Pike and S. R. Moore.
